

Cost Management

Ensuring the right balance of time, quality, cost and risk is attained whilst maximising return on investment and providing certainty of outcome.

Our specialist and expert Cost Management team provide independent and impartial advice that can be trusted; safeguarding our client's commercial interests at all times.

We work in partnership with our clients to provide robust financial strategies that support and enhance the effective delivery of all projects.

We use our informed and early cost advice to influence strategic decisions and deliver better outcomes every time.

We offer:

- Feasibility studies and master-planning
- Benchmarking
- Peer Reviews, Health Checks and Cost Audits
- Cost planning, estimating and pre-contract cost control
- Life cycle costing
- Procurement strategies and contract advice
- Tender documentation
- Change management
- Contract administration
